XIX China Analysis Group Meeting

July 8, 2020

Online discussion panel via Zoom

Theme: “Artificial Intelligence, technological warfare and changes in the world order: China, USA and Brazil

PANELISTS’ BIOS

TATIANA ROSITO, CEBRI

CEBRI’s Senior Fellow and China Analysis Group Coordinator. She is a diplomat and an economist, having worked over ten years in Asia, where she served at the Brazilian Embassies in Beijing and Singapore. She was Petrobras’ Chief-Representative in China and General Manager for Business Development in Asia from 2017 to 2019. Previously, she was Executive Secretary at the Brazilian Foreign Trade Board (CAMEX) and Special Advisor to the Ministers of Finance and Planning, among other roles in the public service.

She is also an invited member of the Consultative Committee of the Brazil-China Business Council. She holds a Master’s degree in International Development from the Harvard Kennedy School and an Executive MBA from INSEAD and Tsinghua University.

YAN LI, CASTED

Dr. Yan Li is a Senior researcher at the Chinese Academy of Science and Technology for Development (CASTED), a Beijing-based think tank specialized in science and technology for development studies. Over the years, Dr. Li participated in the preliminary investigation and strategic research of several major science and technology plans and policies published by the Chinese government. His research interests include formulation and implementation of science, technology and innovation policies, the continuous evolution of China's STI governance structure, and most recently EU science policies and Sino-EU relations.

RONALDO LEMOS, ITS RIO

Ronaldo Lemos is an internationally respected Brazilian academic, lawyer and commentator on intellectual property, technology, and culture. Lemos is a co-founder and director of the Institute for Technology & Society of Rio de Janeiro (itsrio.org), and professor at the Rio de Janeiro State University's law school. He served as a board member of various organizations, including Stellar, Mozilla and Access Now. Lemos was one of the creators of Brazil's Internet Law (Marco Civil da Internet), enacted in April 2014, which created a comprehensive set of rights for the internet in Brazil, including freedom of speech, privacy and net neutrality. Lemos' academic qualifications include a J.D., University of Sao Paulo Law School, a Master of Laws degree, Harvard Law School, and a Doctor of Laws degree, University of Sao Paulo. In 2011, Lemos joined the Center for Information Technology Policy at Princeton University as a visiting fellow. In July 2013, he joined the MIT Media Lab as a visiting scholar. Lemos has received the Prix Ars Electronica Golden Nica in the category of digital communities. He writes weekly for Folha de Sao Paulo, the biggest national newspaper in Brazil, and has contributed to a number of other publications, including Foreign Affairs, Harper's Bazaar, and Bravo.
